

COVID-19 Report

Max Turgeon

13/04/2021

Results

This is a graph of the daily COVID cases in Saskatchewan, along with the 7-day average.

Data downloaded from <https://dashboard.saskatchewan.ca/health-wellness>

And these are the model fit results.

Table 1: Model fit results

term	estimate	std.error	statistic	p.value
tests	0.0620768	0.0025857	24.00744	0

Table 2: 95% confidence interval

	Conf. Int. (LB)	Conf. Int. (UB)
tests	0.057	0.067
